OFFICE MEMORANDUM

Sub: Proposals of other Organizations/ Department merging with National Highways -No objection Certificate regarding.

This Ministry is receiving various request/proposals from different Organizations/department for use of National Highways land (Right of way) for their purposes. Considering the future rapid growth of traffic, National Highways, are being developed from two lanes to multi-lanes & elevate or flyovers to meet the requirement of rapid increase in capacity and volume of traffic. It is essential that necessary vertical and horizontal clearance (i.e. Right of way) space is required to be kept as reserve for future expansion. Besides that, all Road safety measures are to be considered before merging with NHs by any projects. Accordingly, No objection Certificate is to be considered on case to case basis, depending upon their merits.
